WELCOME TO BOTSWANA

MASHATU GAME RESERVE

Where Botswana, Zimbabwe and South Africa meet, exists one of the brightest stars in Botswana's tourism universe - Mashatu Game Reserve. This 31 000ha (76 600acre) expanse of pristine wilderness is guardian to some of the largest herds of elephant on the continent. Guests enjoy excellent daily sightings of Africa's predators, lion, leopard, cheetah, hyena, jackal and African wildcat.

It is within this ancient land, studded with baobab trees, that guests enjoy mountain biking, walking or horseback safaris. The incredibly productive underground hide attracts photographers from around the globe. These adventure activities compliment the traditional safaris, conducted by guides each with an average of 15 years' experience on Mashatu.

Mashatu offers the choice of four completely different camps; Mashatu Tent Camp, Tuli Safari Lodge Mashatu, Mashatu Lodge and the brand new, Mashatu Euphorbia Villas.

Set atop euphorbia succulents, Mashatu Euphorbia Villas is the magnificent new, eco, five-star camp. The solar-powered camp is an intimate composition of 8 luxury villas, drawing inspiration from the local Mopane pod, with curves and unique shapes moulded with local materials, to echo the breathtaking natural beauty of the reserve.

TASHEBUBE
THE SPIRIT OF THE K GALAGADI

TASHEBUBE

Ta Shebube offers two concessions in the Kgalagadi Transfrontier Park (KTP), at Rooiputs and Polentswa. The Company runs ecolodges at these concessions, the first development of its kind on the Botswana side of the Park. At 38000km² KTP is one of the largest conservation areas in the world, and one of the last truly unspoilt ecosystems.

Our camps: Rooiputs is located 25km north of the busiest entry point into the park at Two Rivers. The Rooiputs lodge consists of 12 specially designed safari units on raised deck with thatched roof; en-suite contemporary bathroom facilities and a concealed outdoor shower. It is situated on top of a mature sand dune and has an amazing panoramic view of a water hole, and the Nossob river bed with its majestic Acacia trees. Lions are frequent visitors here. Leopards, brown and spotted hyenas, cape fox, gemsbok and other antelopes often visit the water hole at the lodge. The Polentswa lodge, currently under construction after it was devastated by veld fires in September 2021, is situated 222km north of Two Rivers along the Nossob Valley. Polentswa is a tented camp with units made out of canvas, each having a superb view of the vegetated Polentswa Pan. Polentswa is a bird watcher's paradise especially when interested in birds of prey. It is also the starting point for the most extraordinary and challenging 4 x 4 wilderness trails. The new Polentswa camp is scheduled to reopen at the

beginning of April 2023. Ta Shebube intends to operate fly camps at its third concession (Union's End) that has remained undeveloped to-date as a result of lack of water resources in the area. The concession is in a truly remote area where Botswana, South Africa and Namibia meet, and is nestled amongst tall Acacia trees, with a spectacular view of the Nossob Valley. Union's End is 280km north of Two Rivers. It presents a genuinely relaxed atmosphere in a rustic setting and is an ideal place to unwind from life's busy schedule. Union's End is well known for its lion and leopard sightings.

To minimise the negative aspects of conventional tourism on the environment, Ta Shebube ensures the use of green technologies such as solar power; promotes recycling, energy efficiency and water conservation.

The Chobe River flows through from Namibia and feeds into Botswana and is the source of life for an abundance of wilderness traversing the river and the Chobe National Park.

ACTIVITIES

Game Drives

Game drives are carried out within the Chobe National Park. The Park is undoubtedly one of the most breath-taking wilderness areas in Africa and

encompasses floodplains, swamps, woodland and an array of wildlife. The Chobe area is home to the largest population of elephants in Africa and sightings of the big 5 are available within the park.
